

The Pace, Action, Training and Research Institute of Romania (PATRIR), in collaboration with the Cluj Cultural Centre and Cluj Hub, implemented Connect with-in Cluj, a networking and professional marketing event, that brought together international women in Cluj, businesses, entrepreneurs, and other stakeholders.

This vibrant event highlighted some important aspects in the realm of international women's inclusion: employability, innovation, adaptability, and leadership. Connect with-in Cluj was designed as a milieu of creating valuable connections, promoting inclusion, and empowering individuals while facilitating international women's access to the labor market and nurturing their economic and social impact in Cluj.

CONNECT WITH-IN CLUJ

More than 20 international women attended the event, some of them presenting their businesses and sharing their professional experiences of success. This event was an incredible mix of learning, sharing, and memorable moments of empowerment.

The event is organized by PATRIR under the ENFEM Project as part of the Work-Based Learning activities dedicated to International Women in Romania. The ENFEM project aims to create a context for the development of networks of local actors in 10 European countries, while also focusing on providing training opportunities for migrant women, enhancing their entrepreneurial skills, and fostering the integration of women into the local labor market. The project is funded with the support of the Asylum, Migration, and Integration Fund (AMIF) of the European Union.
