

CALL TO ACTION

In a world that often feels divided, we invite you to join us in a meaningful dialogue about peace. This is a call to action that recognizes our individual and collective responsibility to foster peace in our communities and beyond. We believe that peace is not merely the absence of conflict, but a proactive commitment to understanding, compassion, and collaboration.

Join Us in Building The Peace Wall!

Our initiative seeks to create a collective expression of shared values, promoting a worldwide conversation and understanding among diverse communities. We can construct a powerful symbol that transcends borders, cultures, and ideologies - The Peace Wall – a beacon of hope, inviting individuals from every corner of the globe to come together in the spirit of peace.

The Peace Wall will not only serve as a physical and digital monument to our commitment to peace but will also be a living testament to the stories, experiences, and visions of people united for harmony. To bring this vision to fruition, we ask **individuals, organisations, and communities** to participate actively.

We encourage you to **reflect on what peace means to you, and whether you write a pledge, share a personal story, or create a short video expressing your commitment to peace, your contributions will be integral to The Peace Wall.** Each submission will be woven into the fabric of this project, amplifying the message that together, we can foster an environment of peace.

Your participation is vital in shaping a narrative that emphasizes understanding, empathy, and cooperation and designing a future where peace is not just an ideal, but a reality we all strive to achieve.

If you wish to share with us your voice and vision, please use the following form, until 13 November 2024: <https://forms.gle/W7J6zjhDgXJunAKn6>

Feel free to share **a written message, a video message, an audio message, or a photo of a visual representation of peace.**

If you wish to share a video message, there are certain guidelines that we would like you to take into account when filming the video:

- Please film vertically/ portrait.
- Please have a neutral or very light background around you (we recommend colours close to white).
- Please make sure the video is a maximum of 30s and 100 MBs.
- Please film yourself from torso up, respecting the rule of thirds (have some "empty" space above the head).
- Please try to reduce background noise as much as possible.
- You can do the video in any language you are comfortable with, because we will use English captions for the videos, as well.

Your messages and final result will be posted on Instagram at **@thepeacewall** but also on PATRIR's website. Follow us on social media for more updates.
